Hunter

A distressed leather with an aniline wax finished and a subtle pull up affect. Hunter is tumbled slightly after finishing to give it a slight crackle effect, making it look more vintage. One can expect color variation from hide to hide as well as within a hide. It has all the hallmarks of genuine leather.

Specifications

Average Hide Size: 45 Square Feet

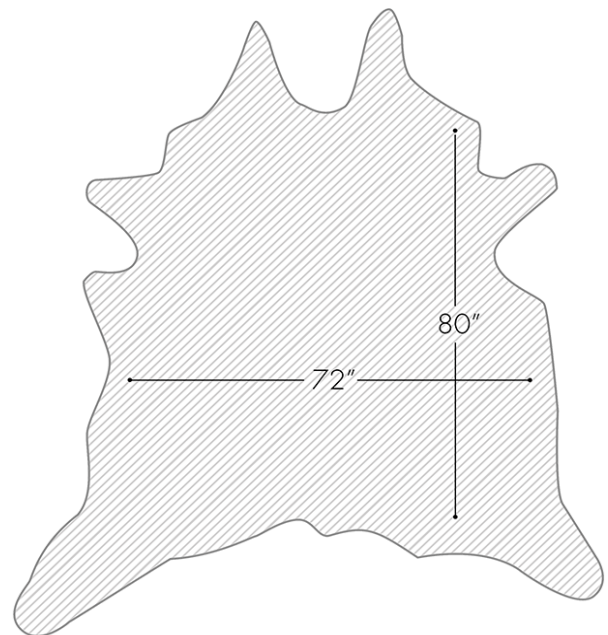

Configuration: Whole Hide

Hide Source: Argentina

Thickness: 1.0-1.2 mm

Finish: Distressed Aniline

Whole hide

It's Natural

Leather is a natural material and, if properly cared for, will maintain its beauty and usefulness for many years. The product information contained on this sheet is intended to provide general information but we encourage you to engage a Milton Sokol representative with questions and concerns. No two hides are the same and variations of color, shade, thickness, and temper will vary from hide to hide and within a hide. Some items manifest fewer variations while others that are less finished can show more. The specifications above are approximate, and should a project or item require specific criteria please consult a Milton Sokol rep.
